### **DETAILED ACTION**

This Office Action is in response to amendments and remarks filed November 11, 2004. Claims 1-26 are currently pending.

Claims 1-12 and 17-26 have been withdrawn. The claims have not been regrouped since those claims do not include the same limitations as the elected claims (claims 13-16).

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 13-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 13, it is unclear in its given context what "frames" refers to. Frames are read out from where? Furthermore, "said images" lacks proper antecedent basis.

Regarding claim 14, it is unclear how "at least one image" relates to "said images" of claim 13.

Claims 15 and 16 are indefinite based on their dependency.

### ***Allowable Subject Matter***

3. Claims 13-16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 2878

4. The following is a statement of reasons for the indication of allowable subject matter: an automatic vehicle exterior light control, comprising: an image sensor reading image frames at a rate of 240Hz or higher and wherein the controller is configured to generate an exterior light control signal as a function of the image frames, is not disclosed or made obvious by the prior art of record.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
